Cross Country and Track
at D.W. Daniel High
School.

Photography, videography,
sports, design, science
communication, media
production, data science,
emerging technologies, AI
tools, and design systems.

PROFILE

Graphic Communications student with hands-on experience in print production, prepress file preparation, digital design, and sports video. Combines exposure to flexographic, screen, offset, and digital printing with reliable daily production work, technical film organization, and creative video storytelling.

RELEVANT EXPERIENCE

Student Video Intern

January 2024 - Present

Clemson Football | Clemson, SC

COACHES' FILM

- Maintained a reliable daily presence at football practice to capture footage used by coaches and players for game planning and performance analysis.
- Marked, intercut, and resolved practice and game footage in Catapult Thunder, organizing raw video into film that coaches and players can locate and review.
- Managed large volumes of film within Catapult Thunder and collaborated with coaching staff and video teams to keep the workflow consistent and accessible.
- Worked in a fast-paced, team-based environment where dependable attendance, careful organization, and tight deadlines affected the quality and timing of film delivery.

CREATIVE VIDEO

- Shot highlight footage at practices for creative and internal video use.
- Created graphics and produced internal videos for Coach Swinney, combining visual storytelling with the football program's communication needs.

Christmas Tree Attendant

*November - December
2021*

Hilltop Christmas Tree Farm | Six Mile, SC

Provided customer service and sales support, applied color treatments, and designed and assembled wreaths and other products.

PRINT PRODUCTION EXPERIENCE

Flexographic printing	Plate making and mounting; press setup and operation; anilox rollers, metering systems, substrates, and ink transfer
Screen print	Screen preparation, emulsion coating and exposure; multicolor registration and ink application
Offset	Plate making and mounting; sheetfed press fundamentals; ink/water balance, registration, and print quality control
Digital printing	Digital press systems and workflow; imposition, file preparation, variable data, and color consistency
